ABSTRACT

With the goal of supporting the Inter-Agency Regional Response Plan (RRP) and to enable planning among key humanitarian actors through the provision of updated information on multi-sectoral needs and priorities of refugees from Ukraine, the Regional Refugee Coordination Forum (RCF) agreed on a regional approach to the implementation of inter-agency multi-sectoral needs assessments (MSNA) in 2023. The assessments were conducted around summer of 2023, using a similar methodological approach and using an harmonized questionnaire aiming at having comparable results to better inform and prioritize the humanitarian response. This comprehensive regional dataset was compiled by consolidating MSNA datasets from seven countries: Poland, Slovakia, Hungary, Czechia, Moldova, Romania, and Bulgaria.
