ABSTRACT
In December 2023, UNHCR partnered with the Slovenian Migration Institute of the Science and Research Centre of the Slovenian Academy of Sciences and Arts (SMI ZRC SAZU) to conduct a Multi-Sector Needs Assessment (MSNA). The assessment aimed to gain an up-to-date and in-depth understanding of the vulnerabilities, needs, and access to services for refugees from Ukraine residing in Slovenia. The dataset provides insights for government stakeholders, humanitarian organizations, and donors to ensure evidence-based programming in support of the socio-economic inclusion of refugees in Slovenia.
