## Identification

### SURVEY ID NUMBER

UNHCR\_BGD\_MEG\_2021\_SENS

### TITLE

Standardised Expanded Nutrition Survey (SENS)

### COUNTRY

Name	Country code
Bangladesh	BGD

### STUDY TYPE

Sample Frame, Households [sf/hh]

### ABSTRACT

The Standardised Expanded Nutrition Survey (SENS) was conducted in Kutupalong Mega Camps (RC) in Cox's Bazar, Bangladesh, as part of a broader initiative to assess the health and nutrition status of Rohingya refugees across three camps. The survey collected detailed data on demography, anthropometry and health, anaemia, infant and young child feeding (IYCF), food security, mosquito net coverage, and water, sanitation and hygiene (WASH). Mortality and key public health indicators were also assessed. Data collection took place between October and November 2021 using mobile devices with ODK software and was analysed using ENA for SMART and Epi Info 7 in alignment with SENS Version 3 guidance.

### KIND OF DATA

Sample survey data [ssd]

### UNIT OF ANALYSIS

Household

## Version

### VERSION DESCRIPTION

v2.1: Edited, cleaned, and anonymised data.

### VERSION DATE

2025-05-22

## Scope

### NOTES

The scope includes:

- Demographic profile
- Mortality
- Anthropometric and child health indicators
- Anaemia among children and women
- IYCF practices
- Food consumption and coping strategies
- In-kind food assistance
- Ownership and use of mosquito nets
- Access to WASH services and hygiene products

### TOPICS

Topic
Health and Nutrition

Water Sanitation Hygiene

----------------------------

## Sampling

## SAMPLING PROCEDURE

Simple random sampling was used in Kutupalong Mega Camps. The sample size was calculated using ENA for SMART 2020. A non-response rate of 5.6% was assumed based on 2020 surveys. Households with COVID-19 risks were excluded following strict safety protocols.

## WEIGHTING

Weighting was applied to calculate malnutrition prevalence across all camps. For the full combined analysis, child-level weights were computed based on under-5 population and sample ratios. This dataset includes Kutupalong Mega Camps-specific results.

## Data collection

### DATES OF DATA COLLECTION

Start	End
2021-10-26	2021-11-23

### DATA COLLECTION MODE

Face-to-face [f2f]

### DATA COLLECTION NOTES

Data were collected via face-to-face interviews using mobile phones and ODK. Enumerators followed COVID-19 safety measures, including outdoor interviews, PPE use, physical distancing, and exclusion criteria for symptomatic or at-risk households.

### DATA COLLECTORS

Name
UNHCR
Action contre la Faim
World Food Programme

## Questionnaires

### QUESTIONNAIRES

SENS version 3 standard questionnaires covering demographic, health, nutrition, food security, IYCF, mosquito net, and WASH modules.

## Access policy

### CONTACTS
