--	--

STATIC TEXT

E `hhh_name_yn == 1`

You have correctly identified the household. Please proceed with the interview.

STATIC TEXT

E `hhh_name_yn == 0`

It seems that the household head no longer lives here. Please ask around with neighbors whether this household moved. If you are unable to find, please record that the household no longer lives here in the paper tracking sheet you have.

STATIC TEXT

E `hhh_name_yn == 0`

If you have not been able to correctly identify the household and if the neighboring households do not know anything about the household you are assigned, then tab on Complete and submit this interview. Please do make sure that you

have asked to as many neighbors as possible about the location of the household before submitting the incomplete interview.

STATIC TEXT

E adult==1

My name is [Say your name]. I am working with the United Nations to conduct a study on the situations of families in Sudan. Your household has been randomly selected to take part in this study, and participation is voluntary. We will make statistics of all the answers, so no one will know what you have answered. You will not receive anything form participating, but the information will help the United Nations and other organisations to help people in Sudan and will inform durable solutions for displaced populations. I would like to talk to a woman or a man that knows what the household buys and consumes. Also, if possible, it would be helpful if another man/woman [someone from the opposite gender] could be present during the interview to make sure the responses represent the whole household. I will use this tablet to record the answers. Is it ok if we begin?

STATIC TEXT

E adult == 0

Inquire when will an adult be available? If an adult will be available before 5:00p.m., please schedule another visit to the household before 5:00p.m. the same day or the next day. If however, no adult will be available before 5:00p.m., please end this interview, tab on complete and submit, and replace the household with the replacement household provided.

A.4 May I continue the interview?	SINGLE-SELECT 01 <input type="radio"/> Yes 00 <input type="radio"/> No	maycontinue
I Is the respondent an adult and has given consent? E adult==1		
VARIABLE (adult ==1 && maycontinue ==1 && athome == 1 && hhh_name_yn==1) ? 1 : 0	LONG	success

STATIC TEXT

E adult != 1 || maycontinue !=1

Please thank the respondent and leave. Continue when you are at a safe and respectful distance.

STATIC TEXT

E athome==0 && visit_n<3

This interview will end because nobody answered the door. Note down the household number and visit the household again.

STATIC TEXT

E adult==0

This interview will end because there was no knowledgeable adult present.

STATIC TEXT

E maycontinue==0

This interview will end because consent was not given. Please replace this household with another household from within the same enumeration area.

STATIC TEXT

E visit_n==3 && (athome==0 || adult==0)

This was the third attempt to interview this household. Because it was unsuccessful, please replace this household with another household within the same enumeration area - do not try to interview it again.

Is the household an IDP household?	SINGLE-SELECT SCOPE: IDENTIFYING 01 <input type="radio"/> Yes 00 <input type="radio"/> No	migr_idp
