## CONSENT

### VOLUNTARY INFORMED CONSENT FORM

#### READ THE FOLLOWING TO THE RESPONDENT:

As I was telling you, the World Bank and UNHCR are conducting a phone survey for refugees in Kenya. The objectives of the survey are to better understand refugee's living conditions here in Kenya to help design appropriate policy responses. If you agree to participate in this survey, we will ask you some questions related to housing conditions, employment, education, food security, and coping strategies. The interview will take about 30 minutes, and we will schedule it when it is convenient for you. Any responses that you give us will be confidential, that is, the researchers will not let anyone else know how you answered. The anonymized responses will be used for research purposes and published in reports. We can assure you that we will never include any names or other personal details in publications. The study is voluntary and if you do not want to participate, you can decide that at any time. There will be no negative impacts on you. If at any time you want to stop participating, please let me know and we will respect your decision. No incentives or benefits will be given for participating. However, your answers will help understand the livelihoods and living conditions of refugees in the urban areas. In order to participate, you must be the head of your household (the person that takes key decisions) or should be able to answer questions about your household members, for example level of education, occupation etc. ASK THE RESPONDENT IF SHE/HE HAS ANY QUESTION, AND IF SHE/HE DOES, RESPOND. INFORM THAT HE/SHE CAN ALWAYS CONTACT [helpline.kenya@unhcr.org](mailto:helpline.kenya@unhcr.org) FOR FURTHER QUESTIONS.
