Overview

ABSTRACT
This data was collected as part of a post-distribution monitoring (PDM) exercise that had the aim of evaluating the key outcomes of the "Emergency And Protection Cash Assistance For Vulnerable Afghans In Pakistan" project. As part of the project, UNHCR provided 30,000 PKR emergency cash assistance to households with specific vulnerabilities with the aim of mitigating protection incidents / situations. Ninety four households across the country were provided with the one-off cash assistance.

The PDM survey was conducted between March and April 2022 simultaneously across offices in Peshawar, Quetta and Islamabad. All interviews were done by telephone interview.

Given the limited number of the total recipients of the cash assistance, the PDM attempted a full enumeration, however, only reached 62 recipients (65% response rate).
